Dear Dr. Jensen:

Enclosed is the agreement form for receipt of the HTLV-III producing cell line. At this time the control cell line is not available. Please sign and return the form. We have been asked by the FDA not to ship material interstate, so everyone who has received H9/HTLV-III Ig has sent a representative to pick it up. Please let us know a convenient time for someone to visit our lab and pick up the cells and instructions for passage.

Sincerely yours,

Ann H. Sliski, D.Sc.
